Daly City and Colma Make Quotas

Released by U. S. War Department, Bureau of Public Relations.

NAZI OFFICERS IN "SOLITARY"—Some German officers who tried to remain haughty and obstreperous after capture were placed in solitary confinement. Having no cell blocks available, the ingenious commander of a prisoner of war camp in France, improvised these "cells" from huge iron drums. A catwalk enables guards to drop them bread and water—their solitary diet.

Truck Smashes Plate Glass Window At Jefferson Mkt.

Attempt of a youthful truck driver's helper to move a truck without the driver's permission, and without having a driver's license himself, resulted in two plate glass windows in the Jefferson Market, 7369 Mission street being smashed to bits shortly after noon Monday—and gave the youth a very embarrassing half hour.

Daniel G. Tevis of San Francisco, driving a truck belonging to Chas. J. Worth Co., and more than half filled with groceries, left the truck parked in front of the Jefferson Market. While he was gone, Oscar Rivera, his youthful helper attempted to move the truck—instead backed it into the front of the store, smashing the two windows.

G. Casentini, owner of the market said the damage to the windows was covered by insurance and declined to press charges. Tevis said he had not given his helper permission to move the truck, and when Rivera was questioned by police summoned to the scene, he confessed he had no driver's license, but admitted moving the truck.

After being warned not to attempt to move a truck under any conditions in the future, unless he first secures a license, and gets permission from the driver, Rivera was released.

Too Many Are Just Too Too Much for "Tummy"

Three year old Susan Bradley of 397 San Mateo avenue will not mistake Ex-Lax tablets for chocolate candy any more.

Thursday evening, June 28, Susan ate some 11 or 12 of the chocolate coated laxative tablets. Rushed to Alemany hospital by her father, Raymond Bradley, she had her "tummy" pumped out by attendants and was soon able to return home with her father.

Hospital attendants reported the incident to Officer Dean Wood of the local police department at 7:40 p. m.

Ambulance Takes Injured Woman to Alemany Hospital

The local ambulance had only one call during the past week.

Officer Dean Wood and driver Emil Bertelli, responding to a call from Lovchen Gardens at 10:40 p. m. Friday, June 29, removed Myra Wallace of 5833 Mission street, San Francisco to the Alemany hospital.

She had injured her back in a fall.

Burglar Steals $160 in Cash From Krieger Home

A daylight burglar who entered the home of Arthur Krieger, 420 Irvington street, between the hours of 11 a. m. and 4 p. m. Monday, June 25, stole $160 in cash from an envelope but left a $25 war bond which was also in the envelope.

The envelope was in a locked chest, on a dresser. Lock of the chest had been broken. Entry to the house was evidently made through a rear door.

The robbery was discovered by Krieger, who arrived home at 4 p. m. In reporting the robbery to local police the next morning, Krieger said his wife had left the house at 11 a. m. that morning and no one was home between that time and 4 p. m.

Midnight Fight Causes Damage At Local Tavern

In a fight between two unnamed parties, a sailor and a civilian shortly before midnight, Monday, July 2, one of the front windows of Tiny's New Place, 6045 Mission street, was broken.

Responding to a call from the owner at 12:10 a. m. Tuesday morning, Officers Roland Petrochi and August Benassini learned from witnesses that the two men had started a fight in the place at 11:30 p. m. and had been put out of the tavern. Continuing the scrap on the sidewalk, one of the two had fallen through the window.

Both participants had disappeared by the time officers arrived on the scene.

Get the Shotgun Pappy--Thar's Meat In Them Hills!

Daly City residents, especially those of the northern section of the city, or those residing near the Crocker hills, are warned by the local police department that if any stray cattle come wandering about their homes, to not consider them an answer to the shortage of red points, but to call either the local department or the office of H. Moffatt & Co., wholesale butchers in San Francisco.

Anyway, the local department received a telephone call from the Moffatt office at 7 a. m. Sunday, July 1, stating one of that company's trucks loaded with cattle had turned over on the Bayshore Highway near the Geneva avenue intersection. Some of the cattle had gone astray and were not rounded up by company employees dispatched to the scene of the accident.

Local authorities were asked to notify the company if there were any reports of stray beef on the hoof in the Crocker hills or northern part of the city.

John McLaughlin Promoted to Rank Of Lt. Colonel

Three months following his entrance into the army in February, 1941 John D. McLaughlin, son of Mrs. L. M. McLaughlin, 180 Irvington street, received a promotion to staff sergeant. Now, four years later, Mrs. McLaughlin received word (Tuesday, July 3) that he has been promoted to the rank of Lieutenant Colonel.

During this four-year period, following his promotion to staff sergeant, he was sent to officers' candidate school and after completing a training course at Camp Lee, Virginia he received his commission as second lieutenant. From there another promotion raised him to the rank of first lieutenant. While overseas he was given the rank of major and finally received his present rank of lieutenant colonel.

He wears four bronze stars for battle service in the European sector including campaigns in France and Germany.

DALY CITY GOES "OVER TOP" IN SEVENTH WAR LOAN DRIVE

Daly City has met and passed its quota for the Seventh War Loan drive, Walter J. Lehigh, war finance chairman, announced this week. Sales up to and including June 30 for all series amounted to $203,242.50. However we are still lagging in the quota set for sales of "E" bonds, which amounted to $106,544.50 for the same period. Lehigh feels confident that if everyone does his part during the week of June 30 to July 7 the "E" bond quota will be met.

Closing time of the current drive has been extended to July 7 and all sales made up to that date will be credited to Daly City's Seventh War Loan quota.

Lehigh wishes to again thank all who participated in making this drive a success, especially the Parent Teachers association and the Girl Scouts.

John Ferrari, Colma bond chairman, announced that the Colma district has sold $61,887.50 of the "E" series bonds and $42,814.00 of other issues, making a total of $104,701.50.

Colma had already made its quota a week ago. However, they expect to make many more sales by the end of the drive.

Three Auto Crashes Result in Slight Property Damage

Three automobile accidents, none of them serious, none of them resulting in any injuries to people involved, and all very minor as far as property damage was concerned, received the attention of the Daly City police during the past week. One of the accidents involved one of the local police cars, another happened almost on the doorsteps of the City Hall.

At 7:30 p. m., Friday, June 29, John T. Hutchinson of 3537 23rd street, San Francisco, backed his Dodge sedan into police car No. 366 with minor damages to the left front fender of the police car. The police car was parked about three feet back of Hutchinson's car. The accident occurred in front of 6073 Mission street.

In backing out of a parking space on Wellington avenue, just north of Mission street, at noon, Tuesday, July 3. Chas. M. Schroll of 312 Winchester street backed his Dodge coupe into a Studebaker sedan owned by Wm. R. Smith of San Bruno. The Studebaker rolled to the middle of Mission street and blocked traffic. Finding the car locked, the police towed it to the Daly City Garage.

Automobiles driven by Renato Alessandri of 4001 Alemany boulevard, and Gregory J. Steneck of 46 Worth street, both of San Francisco, were involved in an accident at the intersection of Mission street and Parkview avenue, at 11:25 a. m. Thursday, June 28, with only slight property damage to both cars.

Five Fire Calls Make Busy Week For Fire Laddies

Daly City Fire department had five calls between Wednesday noon, June 27, and Tuesday evening, July 3, all for grass fires and all extinguished within a short time.

Two of the calls came in within two hours Wednesday afternoon, June 27. At 1:38 p. m., Companies 1 and 4 responded to a call from Box 46, and extinguished a fire on the hills back of Whittier and Frankfort streets intersection. This fire was near the San Francisco county line and San Francisco firemen were also called.

At 3:33 the same afternoon, August Conci of the Lake Merced Nursery on Junipero Serra boulevard phoned the department there was a grass fire on the vacant lot next to the nursery. Companies 1 and 6 responded and soon had it under control. This fire created considerable interest among persons attending a baseball game at Marchbanks park, heavy smoke rising from the fire being easily seen from the grandstand at the baseball diamond.

Companies 1 and 4 responded to a call from Box 41, Thursday, June 28 at 6 p. m. and extinglished a grass fire on the vacant lot next to 1148 Hanover street.

An alarm from Box 613 at 7:10 p. m. Saturday, June 30, called Companies 1 and 6 to put out a fire in a lot on County street, near the Market-Mission street intersection.

A grass fire near the intersection of Risel and Oliver streets, Sunday afternoon, July 1 at 4:15 really got some attention, the fire department receiving three phone calls regarding it. Companies 1 and 4 responded and soon had it under control.

Wild Chase Ends in Arrest Of Car Thieves

Sharp eyes and prompt action on the part of Officer James Welsh of Daly City Police department led to the quick apprehension of two would-be car thieves Sunday evening, July 1.

While passing the Veteran's Inn on patrol duty at 5:30 p. m. Officer Welsh noticed two merchant marines making off with a Packard 12 sedan owned by Leonard Stuehler of this city, and which had been parked in front of 6025 Mission street. Welsh promptly located Stuehler, and learned that no one had been given permission to take the car.

The two men then gave chase to the stolen car, which was being driven at a rapid rate of speed north on Mission street to Morse street, and from there to Geneva avenue. In making the turn from Mission to Morse street, the car hit a curb, blowing out one of the tires. Welsh and Stuehler finally forced the car to the curb on Geneva avenue, and the two merchant marines, Joseph Mount of 178 Winchester street, Daly City and Donald C. Hurtt were placed under arrest by Welsh.

Mount was released Monday, July 2, on $250 cash bail posted by Mrs. Helen Mount, and Hurtt got out of jail Tuesday morning, July 3, when a $250 bail was posted by Mrs. Alvis of Redwood City. The two men were slated to appear for trial in the local police court, Friday afternoon, July 6 at 2:30 p. m.

The car was placed in a garage here for repairs.

Judge Cotton Reappoints Lovoi

Acting on a recent recommendation from the San Mateo county probation committee that he be reappointed, Anthony Lovoi, assistant county probation officer, was reappointed to that office for two years by Judge A. B. Cotton.

Draft Board Calls Three Men

Among the local men from Daly City Draft Board No. 103 who passed their physical examinations and were accepted for general service on June 29 were the following:

Angelo Martinelli, 149 Vale street; Ervin Shelmadine, 560 Hanover street, and Dario Bonfantine from Colma.

World Charter

"Oh! What a great day this can be in history," declared President Truman when the United Nations' Charter was signed in San Francisco.

Yes, June 26, 1945, can be a great day in history and it will be if the nations insist on making the charter a vital, living document.

That Charter as it now stands is little more than a collection of ideas which have survived the hammering on the anvil of debate and compromise and have been set forth in language both lofty and simple.

Drafting the Charter was not easy. It required nine weeks of toil. It called forth the utmost in patience and statesmanship among delegates.

Yet drafting it was simple as compared to the task of making it work. This task will demand tolerance among nations and a degree of cooperation greater than any ever yet manifested in the modern world.

But these should be achieved. The turmoil and suffering which war has inflicted upon humanity twice in this generation have brought men to the realization that they must work together in the peaceful solution of their problems and differences or civilization will not survive.

There can be little doubt that the Charter will be speedily and overwhelmingly approved by the United States Senate. This action alone will give the United Nations Organization a strength which the old League of Nations never enjoyed since we chose to snub the League in 1919.

For the sake of all mankind let us pray that the nations by their actions will make the Charter a living document whereby all men can live in peace instead of die in war.

Industry Moving Westward

America's industrial compass is pointing steadily in one direction—westward!

No less an authority on economic "navigation" than William J. Baxter, head of the International Economic Research Bureau, has, in effect, made this declaration. He predicts that the Nation's industrial center is destined to shift from Chicago to the Pacific Coast.

In support of his forecast he cites the tremendous increase in America's Asiatic trade during the past four decades as compared to the moderate rise in our commerce with Europe during the same period.

Undoubtedly our Pacific trade in the years ahead will play an important part in drawing the country's industry westward. But this will be but one factor among several which we think will contribute to the eventual industrial dominance of the West.

The great population increase in recent years has expanded the purchasing power of the Pacific Coast area, especially California, and is causing many manufacturers to set up production plants out here so as to be close to the Western market. The ample supply of electric power will encourage increased industrial activity. Then, too, the mild climate which permits unhampered year-around production and transportation should not be minimized.

These and other advantages enjoyed by the West should make Mr. Baxter's prediction a realty before many years have passed.

Invasion From Aleutians?

Recent Japanese broadcasts reveal that the Nips are fearful of an invasion of their homeland from the North. They say the attacking forces would strike from bases in the Aleutian Islands.

This new worry for Tokyo arose from a supposed report that our army was moving a division of "Alpine troops" onto Aggatu Island midway between Kiska and Attu.

Why we would want to attempt an attack on the main Nipponese islands from bases more than 2,000 miles away when we already hold territory but a few hundred miles from Tokyo is incomprehensible to any but the jittery Japanese mind. Apparently our B-29's have hit the Japs so hard they are getting punch drunk.

They still have sense enough to realize, however, that unless they can do something to protect their industries from the deadly fire of American gasoline jelly bombs, their war machine will become impotent for lack of ammunition and equipment. So tokyo announces that a mass migration of industry from Japan proper to Manchuria will be undertaken.

But, it is difficult to see how industry on any appreciable scale can be transferred to the continent under existing conditions. This is further evidence of the frantic and even fantastic efforts Hirohito and his henchmen are making to save the Nips' fast sinking ship of state.

But it's going to sink, anyway—just like the Japanese navy.

Annexation of San Mateo County Proposed by S. F.

Edward R. McDonald, chairman of the San Mateo County Board of Supervisors last week termed a resolution passed last week by San Francisco Board of Supervisors, proposing annexation of San Mateo county south as far as the northern city limits of Burlingame and Rockaway Beach, "an everlasting flower—it's always coming up."

County Executive Frederick W. Peterson called the proposal, "just another dream on the part of San Francisco."

Peterson said he believed the people of San Mateo county are satisfied with their present government, low taxes and independence. Other county officials indicated they believed present high taxes in San Francisco would keep many San Mateo county people from voting for any annexation.

Meanwhile a Daly City resident, who seemingly has studied this matter very closely brought out another angle on an annexation of this kind. The California State Legislature would have to pass a bill permitting San Francisco county to annex any part of San Mateo county, even though the people of both counties favor such a move, he pointed out.

Stanley Parmisano To be Guest at Native Sons Meet

Honored guest at the next meeting of El Carmelo Parlor, No. 256, NSGW will be Stanley Parmisano, Daly City lad who has been a "who's who" in the news recently for his oratorical achievements throughout the United States.

The meeting will be held Wednesday evening, July 11. Feature of the evening will be the initiation degree presented by a corps of grand officers headed by Grand President Richard McCarthy of the Grand Parlor of the Native Sons. A class of 25 candidates is expected.

A committee consisting of Ernest Micco, John Affolter, and Anthony Parmisano will be in charge of refreshments.

Announce Whist For Benefit of Holy Angels Church

Father James Sorasio of the Holy Angels church, Colma, wishes to remind everyone of the whist party to be held Friday, July 6 at 8:30 p. m. in the parish hall, San Pedro road.

Proceeds of the evening will go toward the building fund for the new church.

Parishoners whose names begin with the letters D, E, F, G, H, and I will be in charge of the affair.

The public is invited to attend.

Girl Scouts to Picnic Friday At Thornton Beach

First of the various trips for all Girl Scout troops in Daly City as outlined by the Leaders' association will be a picnic at Thornton's Beach, Friday, July 6. Members are asked to meet at Theta Scout house and are reminded to bring their lunch and wieners.

Time for the affair is from 10 a. m. to 3 p. m.

Next on the list is scheduled for Wednesday, July 11. This will be a trip to San Mateo park. Girls will meet at Theta house at 9 a. m. Please bring lunch and 40 cents for car fare.

Many Fined for Overnight Parking

Walter Dobbs, 515-b Minna street, San Francisco and Thomas Plant, 314 Shields street, San Francisco each paid fines of $50 for reckless driving at the city court session held Friday, June 29.

Marvin Ores paid $7.50 for speeding and William Zurnstein paid $20 for the same offense. For being parked in a prohibited place T. Cerna, Alma Khamis and P. Liemieux each paid $2.50. Louie Calegno paid $2.50 for disregarding a signal.

One dollar was paid by each of the following for overnight parking: J. Cerna, I. W. Hyder, G. R. Finger, I. De Leon, E. Rice, C. Jensen, R. C. Cattaneo, P. Blanchetti, E. M. Baker, D. A. Hutzler, D. Ross, H. P. Wolf, A. Damele, T. Tradewell, W. Crowley, Robert Bizzo and V. Tromborg. W. D. Lambert and T. J. Plant each paid $2 for overnight parking.

Girl Scout Leaders Discuss Plans for Summer Activities

Summer activities for the month of July, the field day held at Marchbanks park, and Junior Red Cross activities were features of discussion at the regular meeting of the Daly City-Colma Girl Scout Leaders held at 101 Parkview avenue, June 25, at 8 p. m.

Leaders and scouts reported a very enjoyable field day held June 9. The proceeds from sale of milk for the day were turned over to the Juliette Low fund.

Summer activities for the month of July were also planned, including one outing for each week.

Under Junior Red Cross plans the girls will make Christmas ornaments, miniature Christmas trees and tray favors for orphaned children and hospitalized war veterans.

Mrs. Hazel Marsh and Mrs. Ailene Lehigh are to represent the Girl Scout Board of Directors at the monthly leaders' meetings.

The next meeting will be held at the Theta Avenue Scout house, July 23 at 8 p. m.

Business Houses Close in Honor of 4th of July Holiday

The Fourth of July holiday was a very quiet one in Daly City, with the two banks, post office, and most of the business houses closed. Only excitement of the entire day seemed to be that created by a number of youngsters in the area of Woodrow Wilson school, who, somehow or other, managed to secure a supply of fireworks, and spent the day and early evening firing them off.

Although some of the city's groceries closed for at least half a day, others stayed open the entire day. At most of the latter, supplies of staple grocries, such as milk, bread, etc. sold out early, one grocery reporting its supply of milk sold within half an hour after the delivery truck brought it. Consequently, there was considerable action as frantic housewives rushed from one store to another seeking a supply of these articles.

Many Daly Citians worked as usual. This created quite a jam on early morning downtown bound street cars, the Municipal Railway running a curtailed holiday schedule on their No. 14 line.

Other local people spent the day visiting the fruit orchards of the southern part of the county and Santa Clara valley. These people returned with the report that apricots would not be ripe in most places until next week. While there seemed to be a good supply of 'cots, Santa Clara valley orchard owners reported the peach crop this year would be very short, early season frosts having played havoc with this crop.

William C. Kerch Passed Away July 1

William C. Kerch, of 352 Lowell street, Daly City, passed away Sunday, July 1. Surviving him are his wife Mona Kerch; his sons Earl J. and Glenn M. Kerch; and daughters, Mrs. Martha Heinz, and Mrs. Stephanie Waller.

An electrician by trade, he owned and operated the well-known Electric Motor House, located at 6999 Mission street.

Funeral services were held today at 10 a. m. at the W. C. Lasswell and Company Mortuary. Interment was at Cypress Lawn Memorial park.

Dairy Cows

One million, one hundred thousand dairy cows in Illinois produce annually 5½ billion pounds of milk.

Blood Spots in Eggs

Blood spots in eggs do not indicate a diseased condition of the chicken laying the egg.

Needed Teachers

More than 13,000 rural classrooms were vacant in 1943 because teachers could not be found.

Turkey declared war on Germany in February, 1945.

John C. Kollmann Convalesces In England

Pictured above is a group of American convalescent soldiers who were entertained at Elvaston Castle, near Derby, England yesterday (May 31). Included in the group is Pfc. John C. Kollmann, 162 Parkview avenue (No. 21).

Elvaston Castle in per-war days was the home of the Earl of Harrington, but since the war the Derby Tra ning College for Girls has been housed there.

The convalescents were entertained to tea by the staff and when the time came to leave there was a promise made to return with another party at an early date.

Others pictured are Pvt. Wm. L. Mason, 809 Olympic boulevard, Montebello, California (No. 28); Pvt. John E. Heck, 897 Beck street, Bronx, New York (No. 7); Pfc. Wm. H. Kenneth, 3211 North Emerson, Minneapolis, Minnesota (No. 23); Pfc. Joseph A. Dell, 169-7th street, Buffalo, New York (No. 13); Miss Alexandria, art lecturer (left); Miss Joyce Gibson, who accompanied the men (right).

Pfc. Kollmann was reported a prisoner of war on April 2 over a Berlin short wave radio station, but on April 5 he was released. He was sent to England where he gained back some of the 40 pounds lost while in Germany. He had also contacted diptheria.

Pfc. Kollmann received a citation for heroic achievement in action against an armed enemy at an undisclosed destination, January 8. The presentation was made at the Presidio, to John Kollmann, father of Pfc. Kollmann. He was awarded the Bronze Star Medal.

Surplus Guns To Be Sold By Ordnance Dept.

Ceiling prices have been established for shotguns both new and used, declared surplus by the Ordnance Department of the Army Service Forces, the Office of Price Administration announced recently.

The ceilings, effective June 30, 1945, will be within the levels already in effect for same or comparable guns in the civilian market.

Approximately 100,000 of these shotguns are now being offered for sale in the New York, Atlanta, Kansas City and San Francisco areas by the Department of Commerce's Office of Surplus Property, a designated disposal agency for the Surplus Property Board.

These shotguns were bought for state guard units created after the national guard was called into federal service, and for civilians guarding government installations early in the war, the Army states. The guns were later replaced by standard military weapons.

For new "private brand" shotguns, the retail ceilings will be $10.50 for single-barrel guns and $26 for double-barrel guns. On sales to retailers the ceilings will be 25 per cent under the retail levels.

A. W. (Art) Fallis Now Reopening Central Creamery

"Why did it close?"

"When is it going to open again?"

These are only a few of the many questions being asked by the regular teen-age patrons of the Central Creamery, regarding their favorite "meetin' place."

A. W. (Art) Fallis, new manager, announces the opening date as Friday, July 6. Fallis is the former manager of the Carnation company in San Francisco. He has also operated several coffee shops in the San Francisco area, which qualifies him for the position which he has undertaken. He was also past-president of the Marina Lions club.

The creamery, formerly managed by Mr. Walter, was temporarily closed when Walter was forced to relinquish duties as manager of the establishment because of ill-health.

Patrons will notice the same friendly spirit, efficient service, and the varied selection of "just what you want" fountain specials.

Mr. Fallis stated that the creamery will be open 16 hours daily.

Sheriff's Posse Take First Place At S. J. Horse Show

The Sheriff's Posse of San Mateo county took first place at a horse show held at San Jose, Sunday, June 17. They were one of the six posse groups judged that day.

The following week the same group opened the two-day ceremonies at the San Mateo Gymkhana horse show held June 23 and 24. The group was led by Fred Hobbs, local horseman and captain of the posse.

Water for the lighthouse keeper and his staff on the Farallones has to be brought by ship from San Francisco, as the islands are waterless.

The first transcontinental airplane flight in America was from New York to San Francisco in 1920.

New Greyhound Buses to Serve The Peninsula

Increased Greyhound bus service for the peninsula in the next 20 to 30 days, was promised last week by M. C. Frailey, general traffic manager, as he announced the purchase of 60 new buses.

These buses will go into a pool which includes Marin aand Contra Costa counties. However, number of new buses put into service in each of the three counties will be based on number of daily commuters to San Francisco. At present more than 27,000 persons commute daily from peninsula points to San Francisco, as compared with 21,000 from Marin county, 5,000 from Contra Costa county and 15,000 from Vallejo. Consequently, largest percentage of the new buses is expected to be used on peninsula lines.

These new buses are the first of 300 Greyhound lines propose to purchase as soon as priorities and other restrictions are lifted, Frailey said.

SUMMONS TO ESTABLISH TITLE

Action No. 38663

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, COUNTY OF SAN MATEO.

Department No. 1

CARLO VIDALI and MARY VIDALI, his wife, Plaintiffs

vs.

All persons claiming any interest in, or lien upon, the real property herein described or any part thereof, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA:

To all persons claiming any interest in, or lien upon, the real property herein described or any part thereof, defendants, greeting:

You are hereby notified to appear and answer the complaint of CARLO VIDALI and MARY VIDALI, his wife, plaintiffs filed with the Clerk of the above-entitled Court and County, within three months after the first publication of this Summons, and to set fourth what interest or lien, if any, you have in or upon that certain real property or any part thereof, situated in the City of Daly City, County of San Mateo, State of California, particularly described as follows:

Lot 3 in Block 5, as designated on the map entitled "MAP OF THE SUBDIVISION OF BLOCKS NOS. 2, 3, 4, and 5 OF THE LANDS OF THE CONCORDIA LAND COMPANY COUNTY OF SAN MATEO, STATE OF CALIFORNIA" which map was filed in the office of the Recorder of San Mateo County, State of California, on April 16, 1907, in Liber "A" of Maps at page 73 and a copy entered in Liber 4 of Maps at page 66.

And you are hereby notified that, unless you so appear and answer, the plaintiffs will apply to the Court for the relief demanded in the complaint, to-wit: That it be adjudged that the plaintiffs the owners of said property in fee simple absolute; that their title to said property be established and quieted; that the Court ascertain and determine all estates, rights, titles, interests and claims in and to said property, and every part thereof, whether the same be legal or equitable, present or future, vested or contingent, and whether the same consists of mortgages or liens of any description; that plaintiffs recover their costs herein and have such other and further relief as may be meet in the premises.

(SEAL) WITNESS my hand and the seal of this Court.

Dated June 5, 1945.

W. H. AUGUSTUS,
Clerk.
By MURA B. STILLESON,
Deputy Clerk.

MEMORANDUM

The first publication of this Summons was made in Daly City Record a newspaper on the 7th day of June, A. D., 1945.

The following persons are said to claim an interest in, or lien upon, said property adverse to plaintiff: FELIX MARCUSE, Address Unkonwn.

Pub.: June 7 to Aug. 9, 1945 (10 Ths.)

Released by U. S. War Department, Bureau of Public Relations.

HOMEWARD BOUND—In every section of the country soldiers are arriving home from service overseas. Some will return to civilian life, and others, following a furlough and visits to families and friends, will resume their military duties. To expedite the movement planes have been provided for the homeward journey wherever possible. First man to board one of the ferry planes was Sgt. Clifford M. Johnson, of St. Paul, Minnesota.

Pac. Tel. & Tel. Co. Describes Service Furnished at UNC

An illustrated leaflet describing telephone service rendered at the United Nations Conference was enclosed with the quarterly earnings statement of The Pacific Telephone and Telegraph company just released by its president, N. R. Powley.

According to Lyle M. Brown, San Francisco Division manager, the leaflet recounts that telephone arrangements for the Conference were planned with the sole aim of serving it fully and effectively and they have brought "widespread commendation from the delegates, press representatives and radio people for efficiency, adequacy, courtesy, friendliness and general usefulness."

As remarkable as was the completion of the complicated installation in less than a month, the spark which animated the entire telephone set-up was the splendid work of telephone personnel. Worldwide appreciation of American telephone service was seen in the hundreds of expressions of approval from Conference delegates and visitors, some of which were quoted in the leaflet.

In the quarterly earnings statement, Powley reported that the number of unfilled civilian orders for telephones has continued to increase, totaling now about 275,000, or 50,000 more than at January 1. "All war needs for telephone service are being met," he said, "but we are without enough equipment and facilities to render service to all who want it. Our most serious shortage, other telephone sets, is central office equipment and that cannot be manufactured and installed quickly. The amounts and kinds of equipment which will become available to us are dependent upon the extent of and the time involved in the civilian production which can now be undertaken so long as there is no interference with the military output."

The Palace of the Legion of Honor, in San Francisco's Lincoln park, is an exact model of the Paris original.

As the "Presidency of Quito," Ecuador established independence on May 11, 1830.

"OFF THE BLOTTER"

Along with more serious matters such as stolen cars, a stolen garden hose, etc., local police last week handled the usual quota of drunks, pooches that bow-wowed at the wrong hours, children throwing rocks, stealing flowers etc. Also several requests for beds for the night, which shows the housing (or should we say rooming) situation has grown really critical.

Included in the reports of stolen cars, was one that led the authorities to believe the reportee simply forgot where he parked the bloomin' thing. At 2 o'clock in the morning of Saturday, June 30, Allen Pettigrew of 47 Hillcrest drive reported his 1933 Plymouth coupe had been stolen from the vicinity of Russia and Naples streets in San Francisco. Later the same day, Pettigrew reported the car had been recovered a block away.

At 6:43 p. m. Thursday, June 28, Anthony V. Wilk of Old Capitol Nursery in Colma reported his 1934 Ford sedan had been taken from near the intersection of Mission street and Hillside boulevard, between 6:15 and 6:40 that evening.

At 11:15 p. m., the same evening, Al Horneck of 5990 Mission street, came to the police office and reported a 1937 Ford sedan, belonging to Al Palen of 5900 Mission street had been taken from in front of his place about 10 o'clock.

One of the youthful distributors of the Shopping News (San Francisco) apparently got in too big a hurry to get rid of his papers some time during the weekend. Anyway, F. Wegmuller of 6123 Mission street reported to Officer Welsh that a pile of the papers had been dumped in a vacant lot next his building. Officer Welsh, who received the report at 11:30 p. m. Tuesday, July 3, notified the circulation department of the Shopping News, and that department said the matter would be attended to as quickly as possible.

Maybe somebody's Victory Garden needed watering. Anyway, Mrs. Katherine Tromborg of 205 Los Banos avenue, reported to Officer Henry Sundermann jr. that some time during the night of June 26, someone had taken a 50-foot garden hose, sprinkler attached, from her yard.

And so local police entered upon the Fourth of July holiday, hoping it would be as comparatively peaceful as the few days immediately preceding it.

Always Popular

Applesauce on hot gingerbread is an old-fashioned favorite that is always popular.

Clean Ivory

To clean ivory articles rub well with lemon juice to which salt is added.

NEWS OF OUR MEN and WOMEN IN UNIFORM

An Eighth Air Force Bomber Station, England—For his leadership on Eighth Air Force B-17 Flying Fortress bombing missions over France and Germany, Oliver J. Granucci, 26, of San Francisco, has been decorated with the Distinguished Flying Cross and received a promotion to captain from first lieutenant.

Capt. Granucci has been so awarded for "extraordinary achievement" during bombing attacks on German military targets at Cottbus and Plantlunne in Germany and at Royan, France, when he was acting as commander in the air of squadron formations on heavy bombardment missions against the enemy.

"Captain Granucci demonstrated outstanding airmanship while commanding his formation on successful attacks, despite concentrations of anti-aircraft fire on each mission. The forceful leadership and courage displayed by Capt. Granucci on these occasions reflect the highest credit upon himself the citation read.

Captain Granucci is a member of the 388th Bomb. Group, a unit of the Third Air Division, the division cited by President for its historic shuttle mission to Africa when Messerschmitt aircraft plants at Regensburg were bombed.

He is the son of Mr. and Mrs. O. B. Granucci of 169 Mateo avenue, Daly City, and his wife is Mrs. A. M. Granucci of 1226 26th avenue, San Francisco. Before entering the AAF in August, 1942, he was a salesman with Gooderham and Worts, distributors.

Word was received Friday, June 29 by Mrs. Anna J. Fulton, 25 Keystone way, San Francisco that her son, Staff Sergeant James Wesley Fulton, formerly of Daly City, was killed October 24 aboard ship enroute to Japan.

He enlisted in 1938 in the United States Marine Corps and was in the radio division. He spent two years in Shanghai and was evacuated to the Philippines just before the war broke out. He served with the Fourth Marines on Bataan and was reported missing in action when Bataan fell. Later he was reported a prisoner of war.

Fulton was graduated from Jefferson Union High school in 1935 and was well known here. His brother, J. Robert Fulton, resides at 155 Santa Barbara avenue.

The 14th Army Transportation Corps Port, Southampton, England—From D-Day until VE Day the 14th port at Southampton played the largest role in moving troops and supplies from England to the continent.

During the year 8,000 ships docked at Southampton to transport 1,800,000 American troops and 2,750,000 deadweight tons of equipment to the continent.

W/O (jg) Edward W. Brooks, 27, of 6716a Mission street, Daly City, deputy finance officer, was a member of the 14th port headquarters which supervised this great outloading operation.

W/O Edward W. Brooks was instrumental in the loading of 2,539 LST's (Landing Ship Tank) with 100,000 vehicles and over 225,000 personnel during the last year. Over 1,800 LCT's (Landing Craft Tank) were loaded at Southampton with 30,000 personnel and 18,000 vehicles. LSI's (Landing Ship Infantry) transported another 1,125,000 troops across the channel from Southampton.

Liberty ships were specially refitted into motor transport vessels and carried 292,000 troops and 133,000 vehicles to French ports and beaches.

Hospital ships plied between the continent and England carrying over 72,000 casualties to the large south coast port of Southampton.

Dorothy Dennis Becomes Bride of George F. White

Following three years of duty in the South Pacific, Sergeant George F. White returned recently to bestow his name on Dorothy Dennis at Grace Presbyterian church rites, Sunday, July 1 at 4 p. m. The Reverend William Harberts officiated at the ceremony.

The bride, given in marriage by her father, John H. Dennis of Colma, wore a grey suit, pink flowered hat and blue accessories. Her corsage was of orchids.

Frocked in a pale pink gown, pink hat and pink accessories was her sole attendant, Mrs. George Grantham of Pittsburg, California, sister of the groom.

Best man duties were performed by Edward J. Dennis, brother of the bride.

Mrs. Mildred Hanson played the wedding march and Mrs. Alfred Greig sang, "Oh Promise Me."

The church was beautifully decorated with white stocks, gladiolus, hydrangea and orange blossoms.

A reception to which only the immediate family had been invited was held after the ceremony at the home of Mrs. P. L. Petersen, 7240 Mission street.

Sergeant White is the son of Mrs. Laura White, 918 Hanover street and is home on a 54-day rotation furlough, at the expiration of which he will report back to Camp Beale.

Staff Members Girl Scout Camp Meet July 2nd

A meeting of the staff members for the Girl Scout camp at Monte Toyon was held July 2 at the Theta Avenue Scout house.

The different activities, recreation and daily schedules were planned. The staff members include Mrs. Cora Oberg, camp director; Mrs. Muriel Pabst, program director; Mrs. Mary Crane, camp registrar; Mrs. Ailene Lehigh, library; Mrs. Stella Jensen, log book and keeper of charts; Mrs. Hilda Heagney, Mrs. Betty Tunstall, Mrs. Ruth Rowley, and Mrs. Peterson, cooking; Mrs. Mildred Ventura, Mrs. Louise Buttle, arts and chafts; Mrs. Bernice Hannah, music; Mrs. Hazel Marsh, Mrs. Lena Banfield, recreation; Mrs. Ida Hanley and daughter Peggy will assist with dramatics and hiking.

Miss English, a rising young artist of San Francisco, is to come to the camp and instruct the girls in charcoal sketchings for three days.

Wounded In Action

Private Roy Hart, husband of Mrs. Audrey Hart, and son-in-law of Mr. and Mrs. Curtis Teal, of 79 Woodrow street, Daly City, was listed as wounded in action in army casualty lists issued recently.

Navy Personnel Must Make Request To Receive Papers

The mailing of newspapers and magazines to Navy, Marine and Coast Guard personnel overseas is now limited to those servicemen who request the publications in writing, effective July 1.

This new plan will release about 1500 men to handle letter mail which has increased 108 per cent in the last year. Postal offices expect the volume of mail to rise still further.

The Navy will offset the curtailment of individual subscriptions by a bulk shipment plan which for the first time will enable ship stores to stock a wide variety of full-sized magazines.

To assure immediate magazine availability, the Navy has begun shipment of 8,000 packages weekly of the overseas editions now used by the Army. Each package supplies a range of reading matter for 150 men.

The Navy, in addition, will expand the original selection of magazines. Based on reading preferences of the men, 295,000 monthly of 55 other magazines which do not have overseas editions will be purchased. In the middle of July, this group will be set for resale at every shore station and ship and is expected to be the permanent plan of magazine distribution to Navy men, giving them the same reading choice they would have at their home news stand.

Here's why you should apply for employment at UNITED AIR LINES

Pioneer Resident Dies in San Mateo

On Thursday, June 28, Fannie Sonntag, wife of the late Karl P. Sonntag passed away in San Mateo.

She was the mother of Emma F. Lansfield and grandmother of Alice Godfrey. She was a member of Hermanson Sisters, Edelmuth Lodge No. 13 and Walhalla Rebekah Lodge.

Mrs. Sonntag resided at 187 Hillcrest drive for the past 25 years and was well known in this community.

Funeral services were conducted from the mortuary of W. C. Lasswell and company, 6154 Mission street, Monday, July 2 at 10 a. m. followed by inurnment at Cypress Lawn Memorial park.

New Babies

Local couples receiving congratulations on the births of babies recently include Mr. and Mrs. William C. Hair, whose son was born on June 22; Mr. and Mrs. Robert Hartmann, a daughter on June 26, and Mr. and Mrs. William F. Picknor, a daughter on June 27.

Your War Bond Investment Is Your Investment In America . . .

"AIRPLANES NEED HOUSEKEEPERS TOO"

Every passenger plane at United Air Lines must be spic and span before it takes off on its next flight. To do this job of housekeeping calls for the "woman's touch," for the inside of these planes is just like a home. The rugs and upholstery must be vacuumned and metal and glass work polished.

You start your "housekeeping" job as soon as the planes arrive. Some of the planes are Mainliners, and others are Army transport planes costing half a million dollars. You use the most modern, labor-saving equipment. No drudgery—nothing difficult about the work.

Housewives and other women between the ages of 18 and 45 and not over 150 pounds can qualify for this interesting work. Because United planes arrive at the airport nearly every hour of the day, you will be on shift work.

United Air Lines employee benefits include vacation with pay, insurance benefits, periodic wage review and a retirement plan. A modern cafeteria furnishes meals at cost to employees.

Apply in person at United Air Lines, San Francisco Airport, Bayshore Blvd., at San Bruno Avenue.

News Notes of Girl Scout Troop 1

At the last regular meeting of Troop No. 1, on June 14 the following girls were invested and received their Tenderfoot Rank: Eleanor Miller, Phyllis Blackburn, Eleanor Henzi, Beverly Nagel, La Verne Nagel, Adele Hansen.

Adele Hansen received her Wings as she was a Brownie who flew up from Brownie Scouts No. 7 and also received her flower pendant for completing another year in her Brownie troop.

Thursday, June 21 the girls started work on USO scrapbooks; Tuesday, June 26 the girls made Christmas card poke books; Thursday, June 28 they made colored paper ornaments for the Red Cross. The girls are also continuing to knit on their afghan.

No. 38568

In the Superior Court of the State of California, in and for the County of San Mateo.

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

NEVA W. JOHNSTON, Plaintiff

Vs.

ALBERT S. JOHNSTON, Defendant.

The People of the State of California Send Greetings to:

ALBERT S. JOHNSTON, Defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said County, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 18 day of May, A. D., 1945.

Highway Patrolman Killed in Crash On Bayshore Road

James B. Dalziel, 55, one of the oldest California Highway patrolmen in point of service, and one of the best known, was almost instantly killed and Frank Cavallero, 44, 700 Brussels street, San Francisco badly injured in an accident on the Bayshore Highway, three quarters of a mile south of the Brisbane intersection, shortly after midnight Saturday morning.

Dalziel was riding a motorcycle on his way to his home in San Mateo from his work of patrolling the San Francisco-Oakland Bay Bridge, when he crashed into the side of Cavallero's car, which was making a U turn on the highway, according to California Highway patrolmen who investigated the accident.

Dalziel died almost instantly, and Cavallero was removed to the South San Francisco hospital, where he was found to have suffered shock and abrasions of the forehead and bridge of the nose. He was unconscious when removed from the scene of the accident. Charles Cunningham 840 Rutland street, San Francisco, a passenger in Cavallero's car, escaped injury.

For some reason unknown to highway patrolmen a county ambulance could not be secured, and finally, after a 45 minutes wait, an army ambulance from Mills Field, escorted by San Bruno police, arrived on the scene.

Cavallero, a machinist, was cited on open charges, by Highway Patrolmen John Couch and Harold Varni.

Dalziel was well known in San Mateo county, having patrolled the highways of the county for 23 years until January, 1941, when he was transferred to the Bay Bridge. He is survived by his wife, Leota; a daughter, Marjorie; a niece, Patricia Dalziel; his father, Alexander Dalziel of Long Beach, and three brothers, Clarence of San Mateo, Robert of Merced and Gordon of Long Beach.

Funeral services were held Monday afternoon at 2 o'clock, from St. Matthew's Episcopal church in San Mateo. Interment was at St. John's cemetery, San Mateo. Members of the California Highway Patrol acted as pall bearers.

SUMMONS

Action No. 38751

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

CALIFORNIA PACIFIC TITLE INSURANCE COMPANY, a Corporation, Plaintiff,

vs.

ALL PERSONS CLAIMING ANY INTEREST IN OR LIEN UPON THE REAL PROPERTY HEREIN DESCRIBED OR ANY PART THEREOF, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA:

To all persons claiming any interest in or lien upon the real property herein described or any part thereof, defendants, greeting:

You are hereby notified to appear and answer the complaint of CALIFORNIA PACIFIC TITLE INSURANCE COMPANY, a corporation, plaintiff, filed with the Clerk of the above-entitled Court, within three months after the first publication of this Summons, and to set forth what interest or lien, if any, you have in or upon that certain real property or any part thereof, situate partly in the City and County of San Francisco and partly in the City of Daly City, County of San Mateo, State of California, and described as follows:

Lots 6 and 7, in Block C, according to map showing subdivision of the property of the Mission Street Land Co., filed July 31, 1895, in Volume E of Maps, page 73, in the office of the Recorder of San Mateo County, California, and filed July 31, 1895, in Book 1 of Maps, pages 195 and 196, in the office of the Recorder of the City and County of San Francisco, State of California.

And you are hereby notified that, unless you so appear and answer, the plaintiff will apply to the Court for the relief demanded in the complaint, to-wit: That it be adjudged that the plaintiff is the owner of said property in fee simple absolute; that its title to said property be established and quieted; that the Court ascertain and determine all estates, rights, titles, interests and claims in and to said property, and every part thereof, whether the same be legal or equitable, present or future, vested or contingent, and whether the same consists of mortgages or liens of any description; that plaintiff recover its costs herein and have such other and further relief as may be meet in the premises.

WITNESS my hand and the seal of this Court,

Dated June 18th, 1945.

(SEAL) W. H. AUGUSTUS, Clerk.

By TILLIE CHIOLERO, Deputy Clerk.

MEMORANDUM

The first publication of this Summons was made in Daly City Record newspaper on the 21st day of June, A. D., 1945.

The following persons are said to claim interest in, or lien upon, said property adverse to plaintiff:

Health Officer Warns of Possible Polio Epidemic

Following annoncement by the state director of public health that ten cases of infantile paralysis had been reported in Marin county since May 8, Dr. Charles C. Gans, director of the San Mateo County Department of Public Health and Welfare, last week warned all San Mateo county residents to take any precautions necessary against the disease. No cases have as yet been reported in this county, Dr. Gans said.

"At no time should any person wade or swim in polluted water," Dr. Gans said. Other precautions to be taken are:

Isolation in bed of all children with fever, pending diagnosis by a physician; avoidance of fatigue or chills; postponement of nose and throat operations and avoidance of unnecessary visiting and travel.

Calumet Council Holds Whist Party

At the regular meeting of Calumet Council No. 66, Degree of Pocahontas held Tuesday evening, June 26 at the Swedish American hall, 2174 Market street, one new candidate, Mrs. Singer became a member of the organization.

A whist party followed the short business meeting.

Royal Neighbors To Meet July 6

The sewing club meeting will be held at the home of Mrs. Lillian Gray, 81 Whittier street, Tuesday evening, July 10 at 8 o'clock.

Liver Iron

Liver is the only meat which exceeds oysters in iron content.

There Ain't No Justice

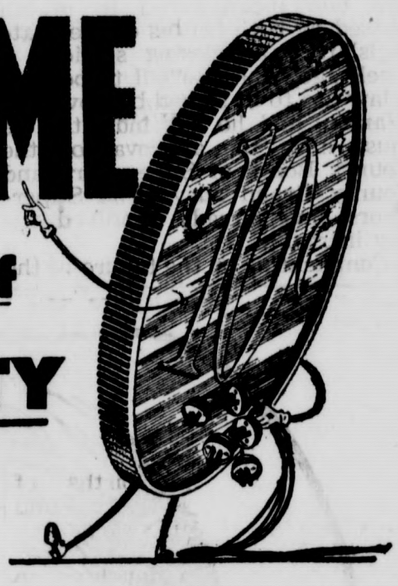
The California legislator who wanted to impose more severe penalties on women who beat their husbands as well as on husbands who beat their wives really had a good point, even thought he didn't get it over.

Talk about equality for women—how about equality for men?

New British Planes

Britain has four new airplanes in production for the Japanese war, which are faster than any war planes yet produced. One the jet-propelled single-seater fighter, the Vampire, has a speed of more than 500 m.p.h. in level flight. The twin-engined fighter, the Hornet—a scaled-down version of the Mosquito—is the fastest propellered warplane in the world, with a speed of 470 m.p.h. The Spiteful, an offspring of the Spitfire, is a single-seater fighter with a top speed of 460 m.p.h. The new four-engined bomber is the Lincoln. It is bigger than its predecessor, the Lancaster, can carry a heavier bomb-load, including the latest 11-ton "volcano" bomb, and has, in addition, greater speed and range.

ONE DIME buys a lot of ELECTRICITY



819,000 HOME USERS PAY LESS THAN 10c A DAY FOR ELECTRIC SERVICE

A dime...ten cents...won't buy much when you come to think of it. A cup of coffee? A piece of pie? A dime is pretty small money today! But your dime, the baby brother of a dollar, still gives man-size value when it buys ELECTRICITY. That is because electricity is still CHEAP today...47 per cent cheaper than in 1914 while other principal living costs have risen more than 77 per cent.

A DIME'S WORTH OF ELECTRICITY WILL

TOAST 84 slices of bread.
BREW coffee a-plenty at mealtimes...324 cups.
SWEEP with a vacuum cleaner some 80 room-size rugs.
WASH with a modern machine about 35 tubs-full of clothes.
LIGHT a 100-watt lamp for 33 hours.
RUN electric clock for accurate time 42 days.
OPERATE your radio for a total of 33 hours.
DO shirt-saving ironing 14 shirts.

Judge Cotton Impanels New 1945 Grand Jury

Composed of 17 men and two women, the 1945 grand jury of San Mateo county was impanelled by Superior Judge Aylett R. Cotton Monday morning, and charged to "investigate gambling conditions in San Mateo county, and also whether any county officials have been guilty of misfeasance or of willful or corrupt misconduct in office in connection with recent widespread reports of gambling in various sections of the county."

Glen O. Smallcomb, Burlingame automobile dealer, is foreman of the jury. Other members are Joseph L. Sarto, manager of the Villa Sanitarium in Daly City; Adolph J. Sani, South San Francisco merchant; George E. Smith, San Bruno contractor; Theodore A. Jenkel, dairy company executive; Mrs. Madeline E. Saeger, housewife; Clyde S. Manwell, P. G. & E. manager, and C. H. Whitney, salesman of Burlingame; J. Howard Walzer, sales manager; Frank H. Boring, building and loan executive; Frank Lodato, retired, of San Mateo; Harry C. Welch, sales representative of Belmont; Albert F. Knorp, mining executive of San Carlos; Mrs. Zella A. Hyman, housewife, and Joseph T. McClellan, steamship agent of Redwood City; J. Henry Stubbe, poultryman, East Palo Alto; Howard Stafford, salesman, North Palo Alto and Dante Dianda, farmer of El Granada.

At its first session, Monday afternoon of this week, the jury voted to approve a $2,000 a year pay increase for Judge Cotton and his superior bench colleague, Judge Maxwell McNutt—then adjourned until Thursday, July 12.

The pay boost for the judges was the one incorporated in a bill passed by both houses of the state legislature at closing sessions a week ago. But the bill to become a law has to be signed by Governor Warren, and he has indicated he must have the approval of the County Board of Supervisors and County Grand Jury. The Supervisors have already approved the pay increase.

Commenting on the failure of the Grand Jury to do anything about the proposed probe of reported gambling in various parts of the county, Foreman Glenn Smallcomb said,

"That is a pretty deep subject and when we get organized, we're going into it. Committees will be appointed at our next meeting, and we will proceed from there."

Scouts Thank Those Who Helped Repair Scout House

The Brownie and Scout troops of the Theta and Mission street scout house wish to thank the following for services donated: Alex Johnson for repairing the roof; Thomas A. Tromborg for reinstalling the plumbing; Everett S. Heagney, Charles Erickson and Frank R. Ventura for removing the old floor; Earl E. Proschold and Reginald A. Jobson for installing glass in windows and doors and any others who assisted in getting the scout house in proper condition.

Boy Scouts Get 45-foot Flag Pole For Camp Boy Joy

A very elaborate 45-foot flag pole was presented to Boy Scout Troop No. 141 by Mr. and Mrs. C. E. Britton, 598 Evergreen avenue. It is to be erected in the near future at Camp Boy Joy. The troop is very grateful for this gift.

At present the boys are working on a two unit patrol cabin. The foundation, floors and frame work have already been completed. The boys accompanied by their scoutmaster, Joseph Straughan, leave Daly City at 3 p. m. and return the next day at noon for more materials, etc.

Boys working at the camp this week include the following: Scout Donald Heissenbuttel and Cubs David Giudo, George Pedroni and Frank Van Dussen. Scout Donald Heissenbuttel and Frank Van Dussen also worked at the camp last week.

James F. Furlong Is Named Mayor By Belmont Council

James F. Furlong jr., retired San Francisco business man, was last week naamed Mayor of Belmont to succeed the late Mayor Louis A. Barrett who died recently.

Furlong had been elected to Barrett's vacant place on the council, and shortly after being sworn in for that office, was named mayor by unanimous vote of the council.

He has served as chairman of civilian defense and of war loan drives in Belmont. He is now a member of the San Mateo County War Chest Executive board and is a director of the San Francisco Elks No. 3 Building association.

Tibet World's Highest Land

Tibet is the highest country in the world, with tablelands rising 16,000 feet above the sea.

Bible School to Begin Monday in Colma

A two week daily vacation Bible school will be conducted in the Colma Community Church building beginning Monday, July 9. This school will be under the auspices of the Daly City Grace Presbyterian church.

Classes will commence at 9 a. m. and close at 11:30 a. m. Children from the ages of six to 14 are welcome to attend.

Girl Scouts Begin Knitting of Afghans

Ten members of Girl Scout Troop No. 5 who had started sewing knapsacks last Friday at a sewing bee held at the home of Mrs. Muriele Pabst, leader, completed them and started knitting afghan squares for the Red Cross at a meeting held at the leader's home on Wednesday, July 4.

Rich Coast

Columbus called Costa Rica the "rich coast" because the Indians wore gold jewelry.

Peterson Balks On Passing of Undated Claims

Refusal of County Executive Frederick W. Peterson to pass on 16 undated claims submitted by Secretary Frank Skillman of the County Planning Commission last week resulted in the Board of Supervisors ordering a revamped method of approving such claims.

Peterson in a letter to the supervisors, stated he refused to sign the claims because they were not signed by a county department head.

Supervisors Martin A. Poss and Alvin S. Hatch defended Skillman's signing the claims, stating it was done to expedite them. Upon recommendation of Assistant District Attorney Daniel E. Sullivan, a new form for such claims was adopted by the supervisors, providing for a space in which a person other than a department head or county shipping clerk may sign them, when authorized to do so by the supervisors.

Help him get that Long Distance call through tonight

When you let service men have Long Distance lines from 7 to 10 P.M., you make it easier for some sailor or soldier to reach the folks at home.

That's the time when thousands of calls from service men and women go out to all sections of the country.

A New "House of Magic" for Postwar America

"...one of the strongest guarantees of progress and world peace is continuous scientific preparedness through industrial research."

"General Electric has approved plans for a new $8,000,000 Research Laboratory. This expenditure has tremendous significance. Scientific research has contributed much to our progress as a nation.

"Many things have been discovered during this war, and we can and *must* develop them into better things for peacetime.

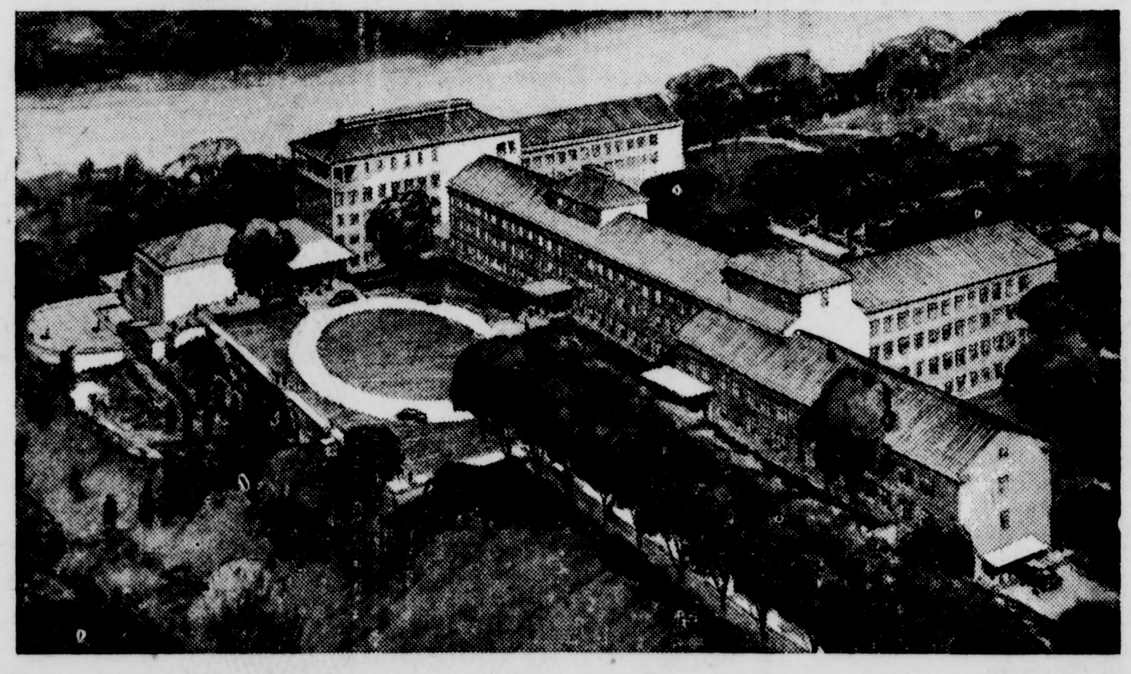
"Today we have 550 research people on our staff. These new facilities will not only give increased outlet for their abilities, but will provide opportunities for new research minds with new talents.

"From this new laboratory we think new achievements will come. In the past, G-E research has contributed much to better living in America—not only through new developments in x-ray, electricity, metallurgy, electronics and chemistry, but also through reduced cost and increased efficiency, as in the modern incandescent lamp.

"Even more than in the past the laboratory will emphasize research in pure science—continuing and expanding the work begun by Dr. Whitney and the late Dr. Steinmetz forty-five years ago.

"To find new facts of the physical world, to extend the limits of knowledge, is a forward step in creating More Goods for More People at Less Cost."

President
GENERAL ELECTRIC COMPANY



New 8-million-dollar G-E Research Laboratory will be built five miles east of Schenectady, New York, on the Mohawk River. The geographic location offers special advantages for television, high voltage x-ray, and radar research. Buildings with 300,000 square feet of floor space will accommodate an expanded postwar research staff of about 800. Research rooms will be a scientist's paradise of equipment for experiments in chemistry, physics, mechanics, electronics. It is hoped that construction can start in six months.

Daly City Record

THURSDAY, JULY 5, 1945

Taxes Again Show Uptrend for City, County, State

Property tax levies in San Mateo county for 1944-45 totaled $5,728,846, compared with the $5,123,879 levy for 1943-44, California association said today, making public its analysis of local tax levies.

The levy in the county for county purposes totaled $1,649,374 for 1944-45, compared with $1,502,272 for 1943-44. General city property tax levies totaled $1,419,161 for 1944-45, compared with $1,352,891 for the year before. Tax levies for the school districts in the county totaled $2,410,630 for 1944-45, compared with $2,010,145 for the preceding year. Special district tax levies amounted to $249,681 for 1944-45, compared with $258,571 for 1943-44.

Over the state as a whole, property taxes levied for 1944-45 totaled $337,865,547, an increase of $24,390,402 or 8 per cent above the $313,475,145 levied for 1943-44. The levy for county purposes totaled $123,122,854 for 1944-45, compared with $118,205,843 for the preceding year. General city levies totaled $72,949,418 for 1944-45, compared with $68,897,426 for 1943-44. Levies for school districts amounted to $119,110,226 for 1944-45, compared with $104,262,937 for the year before. Special district levies totaled $22,683,049 for 1944-45, compared with $22,108,939 for 1943-44.

"The property tax levy for 1945-46 is being determined right now by city councils, county boards of supervisors, and school boards throughout the state," the Taxpayers' association said. "The size of a local government budget sets the amount of the property tax levy. Preliminary local budget proposals for 1945-46 in many communities are considerably higher than they were for 1944-45. Unless they are revised downward, a considerably higher local property tax levy for 1945-46 threatens."

Flower Drainage

Good drainage can be obtained in a flower pot by placing a crimped bottle cap over the hole before filling pot with soil.

First Election

First national election in the United States in 1789 resulted in selection of George Washington as president and John Adams as vice president.

Girl Scouts Aid International Friendship Fund

The pennies contributed yearly by Girl Scouts throughout the United States to the Juliette Low World Friendship fund have been doing a mighty big job, according to Mrs. Hilda Heagney, Juliette Low chairman of the Girl Scout council in Daly City and Colma.

"Since 1939, when a grant of $804 was made to the Chinese Girl Scout organization for relief work among the first youthful war sufferers, a total of $55,720 has been allocated to relief of children in the far corners of this war torn world," she said. "This money has made possible the sending of warm clothing to bombed out British children; canned and powdered milk and eggs to a school for children found by Russian soldiers when they recaptured Nazi-held towns; school equipment for a school set up by an elderly Greek schoolmaster for 3,000 Greek children temporarily living in Egypt; material for uniforms and shoes for French Girl Guides in North Africa; rice for 6,000 undernourished families of men in the front lines in China.

"Cash from the fund helped to sustain Polish children in Scotland; refugee children housed in the Girl Scout Chalet in Switzerland; Norwegian and Finnish refugees who fled to Sweden. It helped the Guides of Malta to rebuild their bomb shattered quarters and homes; it helped the Koloshan Orphanage near Chungking to care for more war ophans.

"This year's grants look toward rehabilitation. One award of $4,000 is to go to help with reestablishment of the Girl Guides in Holland, Belgium, Luxembourg; another of $2,500, to which the Girl Guides of Canada and Brazil have offered to contribute, will go to providing a basic Scout handbook for the use of the Polish Girl Scouts now in camps in Africa, New Zealand, India and Mexico; $525 went to provide equipment for the six Girl Scout executives who have been loaned to UNRRA and who are helping to rehabilitate the children of Greece and Yugoslavia now in camps in the Near East and $5,000 will go to the purchase of clothing and needed materials for British Guides in their relief work among children made destitute by robot bombs."

In the Western hemisphere, the Girl Scout organization has offered, through the World Friendship fund, scholarships for Girl Scout training to students from foreign lands resident in this country. In the past three years, 50 young women from 24 countries took advantage of these scholarships. They were from Austria, Bolivia, Brazil, Canada, Chile, China, Colombia, Costa Risa, Cuba, Curacao, Czechoslovakia, Denmark, France, Taiti , Iceland, Panama, the Philippines, Poland, Sweden, Trinidad, Uruguay, Paraguay, and the Netherlands.

Money contributed was earned by the girls themselves, by self denial, doing odd jobs, and running errands.

In Daly City and Colma, the girls have contributed $24.66 to the World Friendship fund this year, Mrs. Heagney said.

In 1810 as a part of Colombia, the Estados Unidos de Venezuela rebelled against Spanish rule and won independence.

Hard Money

The use of iron as money, judging from the statement of Aristotle, was long practiced in ancient Greece. One remarkable instance of this was in Sparta, where it was clearly a survival of an older custom which had died out among the other Greeks. Modern writers state that Sparta continued the use of iron money in order to discourage the pursuit of great wealth—since having a fortune in iron necessitated the placing of it in warehouses and the payment of storage charges, instead of putting it in banks and collecting interest.

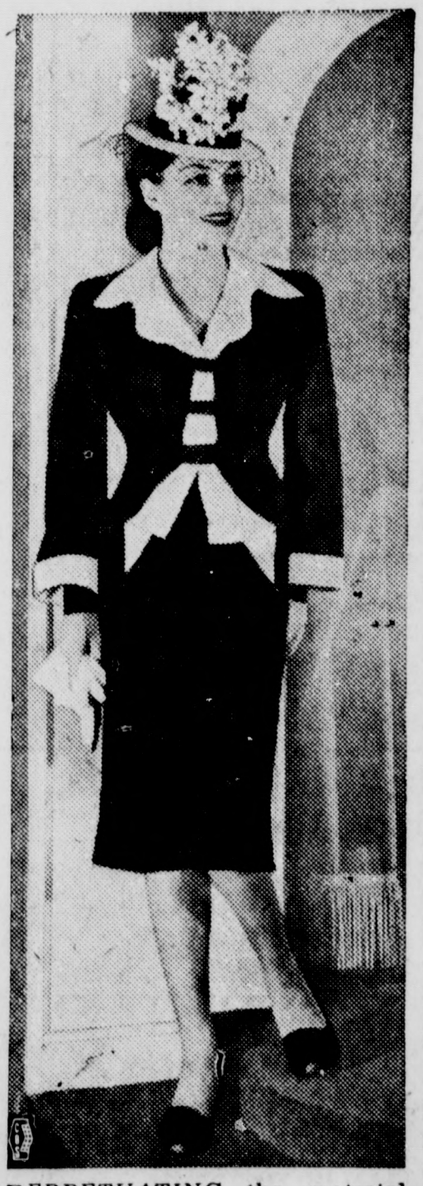
Things to Come

One large automobile manufacturer plans to produce a pear shaped car with three wheels and a transparent plastic top. But it won't be on the road for quite some time after the war's end.

Low in Calories

Onions are low in calories and contain fair amounts of essential minerals and vitamins.

Practical Drama



PERPETUATING the material of drama of fine French couture, the black wool cashmere jacket dress worn by CBS actress Marie (of "Theater of Romance") Windsor was designed by Nicole de Paris to provide refreshing fashion news. A deftly cut white pique collar on the dress snaps off for easy laundering and through clever tab closing on the jacket plays double complement. The crisp ensemble effect is stressed by a trim high hat.

Shortcake shorts

A luscious fruit or berry shortcake of the season to top off a light summer meal . . . it's satisfying, and a delicious answer to the family's sweet tooth! Try one of these to round out a summer menu.

FRUIT OR BERRY SHORTCAKE

3 cups all-purpose flour
4 tsps. baking powder
2 tbsps. sugar
1 tsp. salt
⅓ cup shortening
1 egg
1 cup milk
4 cups sweetened fresh fruit or berries

Sift and measure flour, sift again with baking powder, sugar, and salt. Cut in shortening until mixture is very fine. Beat egg; combine with milk; then stir into flour mixture. Knead gently; roll out about ½ inch thick.

INDIVIDUAL SHORTCAKE

Cut out 12 rounds, using 3-inch biscuit cutter (or cut 6 plain and 6 with doughnut cutter). Make shortcake by brushing six rounds with melted butter or shortening and topping with remaining rounds. Bake on ungreased baking sheet in hot oven (450° F) 15 minutes or until done. Split hot shortcakes; fill with prepared sweetened fruit or berries; garnish with additional fruit and whipped cream.

FAMILY SHORTCAKE

Divide dough in half; pat gently into two 8-inch cake pans. Bake in hot oven (450° F.) about 20 minutes. Split while warm; fill with sweetened fruit or berries. Serve with top milk or whipped evaporated milk or coffee cream.

HOW TO WHIP EVAPORATED MILK OR COFFEE CREAM

Pour evaporated milk or cream into freezing tray of refrigerator. Chill until ice crystals start to form around the edge. Place in chilled bowl and beat vigorously with rotary beater until thickened and fairly stiff. Flavor with a few drops of vanilla.

INSURE *your future—* *Save* **WITH WAR BONDS**

HOW MUCH A WAR

As soon as we can, we'll bring to bear on the Japs all the additional might we've been using against Germany.

What will it cost, this Moving Day of War?

Estimate it in these terms: The job of moving millions of men from one front to another. Thousands of ships to carry the supplies of battle. Swarms of new-type aircraft to blast the path into enemy territory.

You can get an idea of the cost from the fact that Uncle Sam needs 7 billions from us in the mighty Seventh War Loan—*now!*

The Seventh War Loan will call for the greatest bond-buying we have ever done.

ALL OUT FOR THE MIG

DO YOUR PART IN THE SEV

The quota for this community is high. The majority of it must be investment by individuals through the purchases of "E" bonds.

The war is moving fast — our war — and great battles are being fought and won in every theatre of this global struggle.

Victorious battles cost lives. They also cost ammunition and supplies. Speeding quick and final vic these needs many f

The only way to with money. That come from every and child throughou

overn- inter-

This year the government demands a greater investment in "E" bonds—the people's bonds—than ever before. One reason for this is that there will be only two drives this year instead of three as before. Another is that idle money in the pockets of the American people will bring inflation unless that money is invested.

Close Scores Are Features of Sunday's Games

Two of the best and fastest baseball games of the year were staged at Marchbanks park Sunday afternoon when Grosso Musics nosed out Laundry Workers 3 to 2 with a late game rally, and Longshoremen defeated the Maritime Officers' Training School nine of Alameda 5 to 3 by scoring three runs in the eighth inning. Although no official time was kept, neither game ran much longer than an hour and a half.

Strengthened by the addition of "Lefty" O'Rouke, southpaw pitcher from Oakland Naval Supply Depot, and Joe Michalucci, Courtney and Lazzaretti of Simmons Co., the Laundry Workers put a lineup on the field that was almost too much for the Grosso nine, which used a regular lineup with Fred "Blubber" Scolari on the mound.

Almost, but not quite. For O'Rouke after limiting Grosso batters to two singles in the first seven frames, weakened in the eighth. With one out in this canto, Mulsiano doubled, and was wild pitched to third. O'Rouke walked Scolari and the Grosso pitcher promptly stole second. After Tournahu was thrown out at first by O'Rouke, Balistreri lifted a long one to right field. Joe Michalucci misjudged the ball, finally got back far enough, and got both hands on it, but dropped it, with Mulsiano and Scolari scoring easily.

This tied the score, Laundry Workers having scored one unearned run in each of the second and sixth innings. In the ninth, after Woods fanned for the first out, Snowden and Allison crashed successive doubles to score the former with the winning run of the game for Grossos.

All told, O'Rouke gave up five hits, struck out 14 batters, and issued two walks. Scolari was nicked for six hits, struck out six, walked one and hit one batter. Allison of Grossos and Waxstein of Laundry Workers were the game's leading hitters, each collecting two hits in four efforts.

Longshoremen had to come from behind twice to win their game. The Maritime lads took a two run lead in the first half inning, when Ray Spina, Longshoremen second baseman messed up an easy double play.

The Longshoremen got these two back in their half of the second. Frank Guglimetti led off with a powerful triple to the right field wall. "Lefty" Fieber walked and promptly annexed second. Spina made up for his first inning error by driving out a single that scored the two runs.

Maritimers got their other run after outs in the sixth. Pitcher Gene Kohn doubled and Leo Pasquini tripled to score him.

With two outs in the eighth Cianciola, fleet footed Longshoremen left fielder, beat out an infield hit, and this was the signal for a real uprising by Harry Maloney's men. Guglimetti hit his second triple of the game scoring Cianciola. Fieber doubled scoring Guglimetti, and Spina batted in his third run of the game with a single that scored Fieber.

Guglimetti hit three for four, adding a single to his two triples. But Spina was really the batting star for the Longshoremen. The youthful second sacker, who gave the Longshoremen's feminine rooters heart failure by his erratic play at second, made up for it by punching in three runs with two singles. Smith, Longshoremen pitcher, hit two singles in three times at bat.

First sacker Konevich, left fielder George Higgins and pitcher Gene Kohn all hit a double and single for the losers.

Chilled Eggs

Animals with three times the normal number of chromosomes in their cells were reported by Dr. Raymond B. Griffiths of Princeton university to the American Association of Anatomists. The animals were newts, which are long-bodied, tailed relatives of frogs and toads. Dr. Griffiths was able to produce specimens with the triple chromosome count by chilling their eggs at temperatures a few degrees above freezing. He also obtained newts with half the normal chromosome number by the same chilling technique.

There are 16,000 miles of navigable streams in Brazil.

Scene From Ice Follies

STATE LEGISLATURE IMPROVES LAWS ON UNEMPLOYMENT

Definite steps in improvement of unemployment insurance legislation, both on behalf of the worker and the employer, were made by the 1945 legislature, James G. Bryant, chairman of the California Employment Stabilization Commission, declared recently.

Bryant called attention to the fact that approximately 150,000 workers who never previously have benefited by unemployment insurance will be under the system as the result of legislation covering employers hiring from one to three persons.

In addition, the waiting period for unemployment insurance was reduced from two weeks to one week, a legislative action which will enable claimants to obtain unemployment insurance funds a week sooner than previously.

"The legislatures of California have wisely developed unemployment insurance on an evolutionary basis," Bryant said. "The program in this state started nearly ten years ago with employer coverage of those hiring eight or more persons, and the waiting period for insurance was four weeks.

"Developments and improvements in the program, coupled with improvement in administration, in 1939 fixed employer coverage at those hiring four or more persons, and reduced the waiting period to two weeks. When the 1945 laws are effective, California employers totaling more than 150,000 will participate in the program, and the waiting period will be reduced to one week."

Bryant also pointed out the legislature adopted a bill providing for a staff of field investigators in his division. The job of this staff will be to prevent "chiseling" on the unemployment insurance fund.

Technical measures, providing for easier recoupment of insurance overpayments, thereby protecting employer accounts, also were adopted.

Cooking Cabbage

In England where food is scarce the government is trying to help homemakers prepare what they have in the best possible manner. Cabbage is one thing there has been a lot of and the ministry of food advises cooks that cabbage cooked in hunks comes out soggy and tasteless. It suggests shredding the cabbage before cooking, cutting in half-inch slices—wider than when preparing cole slaw. To cook, put a very little water into the pan, just enough to cover the bottom and prevent burning—a cupful is usually sufficient. Bring to a boil, add salt, and put in the cabbage. Put on the lid and boil for 10 or 15 minutes—not more—with the lid tightly on the whole time. Then drain off any remaining water and serve.

Good Grapefruit

A good-quality grapefruit is firm but springy to the touch, heavy for its size, rather thin-skinned and well-rounded.

Camouflage Fixture

Here's an idea for camouflaging a bedroom ceiling fixture. When you paint your ceiling paint over the ugly iron fixture. To replace the shade use a bridge lamp shade, invert it and screw it to the fixture. Fill the bottom opening with a piece of cardboard to match the lamp shade.

Native Scurvy

South African natives develop scurvy quickly when they are transferred from their normal habitat to the living conditions of the white man in the course of expansion of industry and mining. The natives are only rarely subject to scurvy at home, it appears, although their diet is limited to maize and maize products, sour milk, and kaffir beer. It is the beer that protects them, as it is rich in vitamin C.

Sewage Facilities

Additional sewerage or sewage treatment is needed at 13,915 of the 16,752 communities of all sizes in the United States, according to results of the national inventory of needs for sanitation facilities prepared by the sanitary engineers division of the U. S. public health service. Estimated total cost of the entire program, which includes new sewer systems, sewage treatment plants, and sewer extensions, amounts to $2,255,150,000.

Fast Biscuits

When biscuits are needed in a hurry, just pat out the dough until it's ½ inch thick, then cut into squares with a knife. It's quicker than using a biscuit cutter, since there are no leftover corners to roll and recut.

Beat U. S. to It

Canada declared war on Japan a few hours before the United States.

Marines Win Via 16 to 1 Score

San Francisco U. S. Marines baseball players celebrated the Fourth of July in their own way. They blasted the Vallejo Naval Supply Dynamiters 16 to 1 at Vallejo in a 12th Naval District National League game, and cinched at least a tie for the championship of the Northern half of this league.

The Marines, who bombed the offerings of two Vallejo pitchers, one of them ex-Brooklyn Bum Lou Welaj, for 16 hits, paced their scoring with a sixth inning, nine run spree.

Left Fielder Sgt. Joe Couvillion, former Evangeline League star, led the Marines at the plate with five hits in six efforts, one of them a home run. Ed "Rip" Russell, Marine right fielder, also poled one for the circuit.

While his mates were breaking loose with all this batwork, Sgt. Ronnie De La Hunt, big Marine moundsman, who pitches left handed, bowls right hander, and does both of them very well, coasted along. He permitted the Dynamiters just six hits, all well scattered.

Now three games ahead of their nearest competitors, the Marines have only three league games to play, all with weaker teams of the circuit. Two of these will be at the Marines home diamond, Marchbanks park, the first one, Wednesday, July 11, with Port Chicago Cubs furnishing the opposition.

Sunday, July 8, the Marines will travel to Santa Rosa to cross bats with the fast Santa Rosa Merchants. Sgt. Mike Duplinski or Staff Sgt. Hampton Conn will work on the mound for the Leathernecks as they seek their 16th consecutive victory.

Attractive Table

If you have a beautiful white linen damask tablecloth, you won't need hothouse flowers to set an attractive table. Use a pair of Dresden statuettes in pastel colorings or a grouping of small glazed pottery ducks and you will be delighted with the effect. In Blair house, where official Washington entertains visiting diplomats, the handsome eighteenth century table is often set with no other decoration than a row of pewter tankards down the center.

Turn-About

Robespierre, who afterwards put thousands of innocent people to death during the French revolution, in his early years lost his job as a judge of the Ecclesiastical court, for having refused, on grounds of opposition to capital punishment, to sign a murderer's death warrant.

Home Hazards

Watch for "home hazards." Keep stairways free of toys, mops and tools and be sure the stair rug is nailed down so there are no loose edges to trip over.

Sherry Liquors Play Longshoremen In Sunday Game

A real feature game has been arranged for the second half of the weekly baseball doubleheader at Marchbanks park Sunday, July 8. Slated to get underway at 2:30, this contest will pit the Longshoremen against Sherry Liquors, one of San Francisco's top-ranking AAA clubs.

The first game, starting at 12 noon, will bring together Shipbuilders and Campi's Tavern in a regularly scheduled CMBA Summer League contest.

Manager Harry Maloney of the Longshoremen believes he now has a club that ranks as strong as the great Longshoremen nines of the past. He has "Lefty" Fieber, Frank Guglimetti, Pancho Galarza, Eddie Rose and Mike Dalton, veterans of many a semi-pro tilt, augmented by Capt. Kenny Houghton of the U. S. Marines, Lieutenant Gaebe of the 12th Naval District's Headquarters nine, "Speed" Cianciolo and Ray Spina—the latter pair two of the Bay Region's outstanding youngsters.

When he announced the game earlier in the week, Maloney was on a hunt for pitching talent. He had Jack Rials, youthful St. Peter's High right hander, who has pitched several classy games for the Longshoremen this year, already lined up and hoped to secure another top-notch mound ace by game time.

Maloney announced his starting lineup for Sunday's game as follows: Dalton, ss; Galarza or Cianciolo, lf; Gaebe, 3b; Guglimetti, cf; Fieber, 1b; Rose, rf; Spina, 2b; Houghton, c; with the pitcher to be named later.

Sherry Liquors rank with Owl Drugs and Moffatt Mantecas as the top trio of San Francisco semi-pro ball clubs. With their lineup studded with many former professional players, Sherrys were entered in the "Big Four" Summer league at Oakland Ball park, but were forced to seek other games, when this league temporarily disbanded as Oakland Monarchs, one of the clubs, went north for a series of contests in the northwest.

Owl Drugs and Moffatt Mantecas were the other two clubs in this league.

Sunday's first game should be a closely contested affair, as Shipbuilders and Campi's Tavern, out of the running for the first half Summer League title, are strengthening their lineups for the second half race, slated to start in two weeks.

Shipbuilders are managed by Don Grant, stellar colored San Francisco J. C. lad, who plays a fine game at third base, despite being forced to play on his knees most of the time. He can also go behind the plate and catch a good game as he demonstrated in a game the Shipbuilders played at Marchbanks park earlier in the season.

Scout Directors Hold Meeting at Jefferson, June 28

The meeting of the Board of Directors of the Girl Scouts was held at the Little theatre, Jefferson Union High school, June 28 at 8 p. m.

After the regular business was dispensed with the meeting was devoted to camp instruction and activities.

Miss Norma Northberg, national field advisor was present and gave the group many suggestions for a smooth running camp.

There are to be approximately 90 children and 15 adults at Camp Monte Toyon, for the week of July 28 to August 4, inclusive. Daly City has the largest registration at camp for a one-week period.

Registrations for day camp at Camp Mathrup are reported coming in very rapidly.

Miss Northberg also stated that the Island of Guam is now in Region 12. The liberated children have asked many questions and are very enthusiastic about scouting. At last word received a Boy Scout troop has been organized and a Girl Scout troop is under way. These children are being greatly aided with books and material on scouting through the Juliette Low fund.

The board of directors whose term includes July '45 to June '46 are Mrs. Stella Jensen, president; Mrs. Ailene Lehigh, vice-president; Mrs. John Mosman, secretary; Mrs. Mary Crane, corresponding secretary; Mrs. Janet Delucchi, treasurer; Mrs. Ida Hanley and Mrs. Louise Buttle, public relations; Mrs. Muriel Pabst and Mrs. Cecelia Hale, program chairmen; Mrs. Cora Oberg, camp director; Mrs. Hilda Heagney, Mrs. Ruth Morris, and Mrs. Ruth Rowley, troop organization; Mrs. Elsie Hesselein, finance; Mrs. Lucille Lemon and Mrs. Hazel Marsh, training chairmen; Mrs. Frances Windhurst, registrar.

The next meeting is scheduled for August 31 at the Little theatre at 7:45 p. m.

The Golden Gate Bridge in San Francisco is the first in the world to be built across a major harbor entrance.

OPA Head States Rent Regulations Now Have "Teeth"

New rent regulations, designed to put "teeth" into the rent enforcement program, were announced recently by the Office of Price Administration.

After July 1, 1945, "restitution" payments, as they are called, made by landlords to tenants for overcharges, will no longer be permitted.

Neither will what are called "voluntary contributions" to the United States Treasury, a method by which landlords could settle claims by a direct payment through the Office of Price Administration to the treasury.

Instead, after July 1, all rent violation claims will come under what are known as "Administrator" claims, subject to treble damages.

The new procedure was announced by the national office of the OPA.

Commenting on the ruling, Henry A. Cross, district rent executive of the San Francisco Office of Price Administration, said:

"After July 1, no cases may be settled either by restitution, or voluntary contribution, unless, before that date, suit had been filed for an injunction to compel restitution.

"The administrator's claim for treble damages must be invoked with respect to all claims by tenants which have arisen since July 1, 1944, or will arise in the future. These claims are to be filed by the administrator after 30 days have elapsed since the violation, when the tenant, during that period, has neither settled his case nor filed a claim for treble damages."

Authorities agree that Uruguay's climate is unrivaled.

Mrs. America Meets the War - - -

Some relief for meat-hungry civilians is in sight, as recent government steps to improve distribution are beginning to take effect. The Army is doing its part too. It has reduced the amount which federally-inspected slaughtering plants are required to set aside for military use. This will mean an increase of 20 per cent of good, choice and commercial cuts going into non-military channels from federally-inspected plants. The Army is also reducing its anticipated requirements for canned fruits and vegetables. Nevertheless, the demand will still be greater than the supply. Conservation of food, and home grown victory garden fruits and vegetables are still vital to stretch the supply.

A ration holiday for "odd lot" shoes has been declared for a three-week period, July 9 through July 23. This "holiday" will permit shoe dealers to clean their shelves of odds and ends and broken sizes of shoes normally disposed of through clearance sales. Women's shoes with heels of one inch or less are not included, however, as these shoes are usually the type worn by growing girls and are in great demand so must be rationed carefully. Prices are to be at least 25 per cent less than the shoes were tagged on June 1, and dealers are being requested to limit sales to no more than a pair to a customer.

Fancy trimmings for milady's dainty feet are in the offing. The War Production Board has lifted the ban on two-tone shoes, fancy stitching, overlays, lacing and other shoe decorations which have been prohibited or restricted as luxury items since September, 1942. Styles which will be more plentiful are genuine reptile in the middle price bracket, two-tone spectators with leather soles, monk-strap patterns, huaraches and gillis ties, a decorative closure design. The relaxation does not permit more use of leather, however, as leather supplies are still critically short.

Used 1942 automobiles were removed from rationing on July 2. Rationing of used 1942 models began in 1943, because they were generally the best automobiles in the country aside from new 1942 cars in stock and so were restricted to essential users. However, many have been driven by public officials, doctors and war workers who travel long distances. Consequently, they've had more mileage and more hard usage than some earlier models. New 1942 automobiles are still rationed.

Here are some price notes of interest to Mrs. America. Because of the crop yield was considerably reduced by frost, the ceiling price of California sweet peppers has been increased about 1½ cents a pound. The crop of Eastern peppers is normal, however, and ceiling prices are being reduced about 1½ cents a pound. Ceiling prices of California and Arizona table grapes will be about 13 cents a pound, under new ceilings recently set up. Honeydew melons will cost the housewife about a cent a pound more until July 20, also because adverse growing conditions caused a smaller crop than usual.

With summer vacations coming up, boat owners will welcome the news that they may now get larger gasoline rations for personal use of their boats, as a result of a 50 per cent increases in the maximum amount that may be issued. The new ceiling represents an increase from 24 to 36 gallons quarterly for inboards and from 10 to 15 gallons for three-month periods for outboards. However, the individual rations for these boats will still be figured at the rate of two gallons per horse power for inboard motors and two and a half gallons per horse power for outboard motors. Thus all boat owners will not receive the new maximum rations.

The flag of Egypt is green, the sacred color of Mohammedanism.

Chicken Strains

Only a small number of the 160 varieties of chickens are used on specialized commercial poultry farms.

Reseed Lawn

Reseed bare and thin spots of your lawn with a good grade of grass seed. Use 4 to 5 pounds of seed per 1,000 square feet.

The Queen of Sheba is supposed to have been an Ethiopian.
